Learning & Development Specialist · Instructional Design | Curriculum Development | Program Management
Tangerang, Indonesia • +6282217987373 • hi.nurfajar@gmail.com • linkedin.com/in/nurfajar

PROFESSIONAL SUMMARY

L&D Specialist with **3 years** designing and delivering training — 2.5 years at a Singapore-based AI company, preceded by a year mentoring in a national tech talent program. Built **4 curriculum modules** and ran **5 programs end-to-end**, training **300+ learners** across public, corporate, and institutional audiences at **9.0/10 satisfaction**. Designed and led a 2-week Train the Trainers program that equipped 6 university lecturers to deliver the curriculum themselves.

WORK EXPERIENCE

Terra AI — GenAI education & weather-tech company

Learning and Development Specialist

Singapore (Remote)
Jul 2025 – Jul 2026

- Delivered **5 end-to-end programs and 25+ live sessions to 150+ participants** — from small-group Zoom workshops to a publicly livestreamed YouTube event (Chatbot for Business, Chatbot for Education, Smojothon, Career Talk, Train the Trainers).
- Designed and led a **2-week Train the Trainers program for 6 university lecturers** — 4 workshop sessions plus 4 consultation sessions, backed by weekly live consultations and daily WhatsApp support to keep participants unblocked between sessions.
- Owned the full curriculum lifecycle for **4 GenAI training modules** across business, education, and product management tracks — from needs breakdown and outlining to asset development and live delivery, with weekly progress reviews with the CEO.
- Produced **4 alumni testimonial videos** and ran program social media to drive enrollment across all 5 programs.
- Beyond the L&D mandate:** built a Python pipeline of 9 AI agents for the parent company’s B2B lead-generation pivot, processing ~3,000 leads and cutting estimated per-prospect prep time by ~83%.

Terra AI

AI Training Specialist

Singapore (Remote)
Feb 2024 – Jun 2025

- Trained **100+ students and professionals** on generative AI, prompt engineering, and chatbot development, delivering customized curriculum for partners ranging from startups to multinational companies.
- Designed a **learner progress dashboard** (Google Sheets/Notion) mapping each participant’s chatbot-development milestones — what they had completed, how far along they were, and what remained — giving learners self-service visibility into their own progress and mentors a shared view of cohort status.
- Maintained **9.0/10 average satisfaction** across all cohorts through structured feedback loops, real-time curriculum iteration, and responsive learner support.
- Applied a **20% instruction / 80% practice model** with project-based assessments across all cohorts.

Bangkit Academy

Machine Learning Mentor

Indonesia (Remote)
Feb 2023 – Jan 2024

- Mentored **50+ students from 25+ universities** across Indonesia in a Ministry of Education–backed national program, with **90%+ of the cohort graduating**.
- Ran **40+ weekly sessions** on technical and soft skills, and coordinated with 20+ industry and academic experts to deliver guest content and improve the online learning experience.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

Google Developer Student Clubs (GDSC) — Chapter Leader

Aug 2021 – Jul 2022

- Founded the first GDSC chapter at Siliwangi University, growing to **100+ active members** within its inaugural year.
- Co-organized **4 national events** spanning webinars and hackathons, drawing **500+ participants** across the developer community.

Generasi Baru Indonesia (GenBI) — Competition Coordinator & Media Staff

May 2021 – Apr 2022

- Coordinated **50+ Bank Indonesia scholarship recipients** across QRIS digital-payment literacy campaigns; produced event and promo video content.

EDUCATION

Siliwangi University — Bachelor of Computer Science in Informatics

Aug 2018 – Dec 2022

- GPA 3.94 — Best Graduate, Faculty of Engineering | Bank Indonesia & BRI Scholarship recipient

CERTIFICATIONS

- HRCI Human Resource Associate Professional Certificate — Coursera, 2024
